BRICCO DEI GUAZZI

Category: Cantine Accoglienti
business description: Bricco dei Guazzi, with its five hundred years of experience in wine-growing, is located in the heart of Monferrato, on the top of a hill in the small medieval village of Olivola in the province of Alessandria. The wine has always been the undisputed protagonist of life at Bricco dei Guazzi, witnessing its history which began in the 15th century with the first winery.

To maintain the authenticity of the art of "wine making" it has been chosen to focus on the various native vines, in particular Albarossa, whose rediscovery makes Bricco dei Guazzi one of the largest worldwide producers (6 hectares of its land is planted with Albarossa).

The cru vineyards of Barbera and Albarossa surveyed by Veronelli and the terroir of the bric are part of the identity of Bricco dei Guazzi and its motto "alta petit", namely aim for excellence, through growth and continuous innovation which has always characterized the history of this estate.

Bricco dei Guazzi is part of "Le Tenute del Leone Alato".
