Pallavidini Gioiellieri Valenzani

Category: Goldsmiths
business description: A.MO.LA.VI.TA. was born from the dynamic mind of Alessandro Pallavidini, a goldsmith entrepreneur who aims to send a positive message to the world through a journey that guides the discovery of jewelry, beauty, and Italian excellence.

PALLAVIDINI, one of the oldest goldsmith companies in Valenza, is ready to welcome you for the exclusive Gold Experience, where you'll discover how a piece of jewelry is created. This guided tour, the first and only of its kind in the world, allows you to learn about the production phases through installations and videos, and experience firsthand the equipment, metals, and precious stones.

In addition, within the company, you can visit the Small Goldsmith Museum and the Art Room with family paintings, an expression of the union between jewelry and creativity. Next is the Surprise Room dedicated to Childhood: indeed, the dominant theme of the PALLAVIDINI collections is the sphere, which brings women back to the authenticity and freedom of expression typical of children, who are not influenced or standardized, as multinationals would like to impose.

At the end of the tour, you can purchase jewelry directly from the factory, guided by the suggestions of Alessandra Acquarone Pallavidini, gemologist, wife of Alessandro, and an icon of style and elegance.
